years old, was shot and fatally wounded afternoon about 3 o'clock by Henry L. Gatewood, alias Graves, in a quarrel while in the yard in the rear of O. Olson's "joint," at 1637 North Fifth street. Weston, Gatewood and a number of other young men were engaged in drinking beer from a "can" at that place, and Gatewood and Weston quarreled over the ownership of the beer. Some hot words were exchanged, and Gatewood drew a re-volver and fired. The ball took effect in Weston's abdomen. After the shooting Gatewood ran to the home of his mother, zear Tenth street, on New Jersey avenue, and changed his coat and hat and afterwards went to his home, 515 Elizabeth ave-

and changed his coat and hat and afterwards went to his home, 515 Elzabeth avegue, where he was arrested by Detective
Wilson and Officer Walsh.
Weston was removed to Bethany hospital, where his wound was dressed by the
hospital surgeon. An attempt was made
last evening to locate the bullet, but owing
to the precarious condition of the patient,
the surgeons were unsuccessful. The hospital surgeon stated last evening that
there was little hope for his recovery.
Weston is a single man, and lives with ms
parents on Waiker avenue, near Ninth
street. Gatewood is a notorious character,
and is well known to the police as a sneak
thief, and has been arrested several times
on the charge of petit larceny. He was
taken to police headquarters, where Chief
of Police Serviss put him through the
"sweat box." He was afterward turned
over to the state authorities. He was
taken before Justice Betts, and was sent
to the county jall without bond to await
trial Monday. In all probability, when
Gatewood's trial is called, he will have to
answer to the charge of murder in the
first degree, as there is no hope for his
victim's recovery.

FIXING FOR A FUSION TICKET.

FIXING FOR A FUSION TICKET.

Democratic and Populist Committees Will Meet This Afternoon.

"fixing" committees of the Democratic and Populist central committees, appointed to fix up a fusion in this county, will meet this afternoon at Haines' hall. The committees are composed of six men

The committees are composed of six men each, who have assumed the responsibility of paving the way to fusion, and dividing the county and legislative ticket.

The committees have not accomplished much as all the spare time of the committeemen has been taken up in trying to settle the trouble they have gotten into with the labor unions. The object of today's meeting is to get all the committeemen together and decide upon a further plan of action. A member of the "Pop" committee stated yesterday that he did not think they would make a division of offices until after the Republican primaries, which will be held September 12. He said they were anxious to know the nominees of the Republicans before they divided the ticket.

JOINTKEEPERS ARRESTED.

Thomas Mack and Willard Sullivan Charged With Violating the Law.

Thomas Mack and Willard Sullivan were

Thomas Mack and Willard Sullivan were arrested yesterday upon a state warrant charging them with selling liquor in violation of the state prohibitory law. They both gave bond for their appearance in the district court.

The arrest of Mack and Sullivan is the outgrowth of a fight which took place in their "joint" at 548 Minnesota avenue a few nights ago. Charles Palmer was one of the participants and it appears that he got decidedly the worst of the conflict and yesterday he went before Assistant County Attorney Bradley and swore out a complaint against both Mack and Sullivan. Mack was arrested by the state authorities about three weeks ago. He now has two state cases pending in the district court.

The arrest of Mack and Sullivan is the city, the guest of his brother, W. H. Smith, of 539 Washington avenue. Congressman O. L. Miller left last night for Manitou, Col., to accompany his family on their journey home. They have been in Colorado for the past two months.

& Club of Young Men Was Organized Yesterday.

A number of young men of Kansas City, as, met at the office of Justice George. Betts last evening and organized a ound Money Club. Will M. Raymond was bosen temporary chairman; Harry Fried-

chosen temporary chairman; Harry Friedburg temporary secretary, and a committee composed of Fred Buchan, Morris Alden and Harry Friedburg appointed to draw up a constitution and by-laws. The young men who are eligible to this club are voters under 30 years of age.

The meeting was very enthusiastic. A general invitation is extended to all young men who believe in sound money, regardless of party affiliations or color, to meet with the club at the office of Buchan, Freeman & Porter next Wednesday evening at 6 o'clock.

Notwithstanding the usual bad effect on building and trade in general of national elections on business all over the country, Kansas City, Kas., is experiencing an unusually brisk trade in the former line. The contractors and builders are and have been kept busy, ever since the opening of the season, on residences. There is scarcely a neighborhood in "old Wyandotte" but what there is a new house being erected. These range in prices from \$500 upwards, and are almost entirely of frame. In conversation with Manager Tucker, of the Foster Lumber Company, corner Fifth and Oakland avenue, yesterday, he said: "We are a young concern on this side of the river, but have been doing a most astenishing business since we have opened our yards for business. If the other yards are doing the same amount of business we are this city is enjoying a most phenomenal growth. We have been unable to keep our contra tors supplied with material, in spite of the number of extra teams we have hired. We are now keeping things moving very nicely and hope to be able to do so the rest of the season." "What is the reason of this rush of business," he was asked, "Well," replied Mr. Tucker, "lumber is cheaper than ever, and then we are selling at a very close margin, You see, we are a branch of one of the largest lumber companies in the West, and then we are selling at a very close margin, You see, we are a branch of one of the same as in other lines, and in comparing prices we get the benefit. Just to show you how cheaply one can put up a house, you can buy the lumber for a five room cottage for considerably less than 500. This is, of course, good, first-class stuff, Now, take the prices paid for labor. You can build you a neathome for very little money. The middle class are taking advantage of these facts and doing the right thing-building. Yes, we furnish estimates on application free of charge, and are always glad to answer any questions asked by those wanting anything in our line. Good-day." A Good Showing.

Ordered to Take Up Securities.

Judge Alden yesterday issued an order instructing Receiver Perkins, of the defunct Argentine bank, to immediately take up the securities now being heid by the First National bank, of Kansus City, Mo., as security on a \$10,000 loan, made by that bank to the Argentine bank. The securities consist of \$4,815 in Argentine bonds; \$2,800 in school bonds; \$13,744 in elty warrants and a note made by J. Z. Roraback in the sum of \$1,500. In the court's order

Mr. Perkins is authorized to take all the available assets of the bank and take up these securities. In the event that there is not \$10.000 available, he is authorized to borrow enough to make up the necessary amount. It is thought by redeeming these securities about \$12.000 can be saved the creditors and depositors of the defunct bank.

Bleyele Races.

The bicycle races yesterday evening under the auspices of the Independence Athletic Club were largely attended. There was not a single accident to mar the event, The course which lies over the beautiful Salem road is one of the prettlestin the country. But few hills, and those of easy grade, make the course a favorite one even to Kansas City riders. The street at a point where the start was made, was lined, with vehicles and the spectators seemed as much interested in the success of the affair as members of the Athletic Club. The first event was a race against time by C. W. Street in an effort to beat the state road record made over the Waldo race course. The state record is 25:45. Street made the ten miles in 29:30 and was paced by a tandem. At 5:45 the handicap races were called. There were nineteen entries. Sixteen riders reached the goal.

CHOYNSKI AN EASY WINNER.

Knocked Out Jack McAuliffe in the Fourth Round at San Francisco Last Night.

San Francisco, Aug. 28.-Big Joe Mc Auliffe was knocked out in the fourth round to-night by Joe Choynski in what Auliffe was knocked out in the fourth round to-night by Joe Choynski in what was to have been a ten-round contest. Choynski assumed the aggressive from the start, and hit McAuliffe when and where he pleased. The Mission giant was completely outmatched, and was a plaything in Choynski's hands. Little Joe played on hig Joe's wind with his left, and on the jaw with his right, and when the giant came up for the fourth round he was perceptibly winded. In this round Choynski went at his man like a demon. First a poke in the stomach with his left, and a jab in the face with his right, made McAuliffe groggy. Finally, in the middle of the round, Choynshi swung his right with terrific force. It landed on McAuliffe's jaw, and the fight was over. The giant's legs weakened, and he fell to the floor with a crash. He could not get up within the required ten seconds and the fight was awarded to Choynski.

The latter was unpunished, and was in good condition when the fight ended. His clumsy antagonist managed to land on Choynski's face once or twice, and sent his head back, but that did not keep the smaller man from going at him relentlessiy. McAuliffe's efforts to reduce his weight told on his strength, and he could not keep up the fast pace set for him.

An Unknown Man Falls to Get Money From an Aged Woman.

Carl Skaer, who runs a grocery and meat market at Sixteenth and Campbell, told the police yesterday of an attempt to swindle one of his customers. He said Mrs Edgar, aged 75 years, who lives at 911 East Sixteenth, came into his place and bought small bill of goods and paid for them a small bill of goods and paid for them with a \$5 bill. After receiving the change and leaving for home an unknown man who was in the store while she was there followed her and told her Mr. Skaer had made a mistake and given her a bad \$1 bill and wanted her to send it back by him, so Mr. Skaer could give her one that was all right. She examined the bills she received and not finding any that looked suspicious went to her home. Later she called upon Mr. Skaer and learned that her caution had saved her the money. s a "Double Decker." Has Three Spans and Cost \$53,000-Donated to Kansas City, Kas.-Cars Will Run To-day.

What has been one of the most rapid pieces of construction work in the history of Kansas City, if not in the whole state, is now practically completed, and the Met-ropolitan Street Railway Company's "L" road cars will be able to cross the new Central avenue bridge over the Kaw river this forenoon. Even the space of time occupled since the contractors notified the Metropolitan company that they would begin tearing down the old bridge structure preparatory to building the new bridge, up to the present time, would be considered short; but when the fact is taken into con sideration that the construction company lost ten days' time b ythe washing away

the speed with which the new bridge has been completed remarkable.

When the old bridge was condemned by the city the Metropolitan Street Railway Company offered to build a new one if the city the Metropolitan Street Railway Street Railway Company offered to build a new one if the city would pay half the cost, but on account of its depleted treasury the city was unable to accept the proposition. Recognizing that to repair the old bridge would cost a considerable sum and that it was only a question of a few years until a new bridge would have to be built, the Metropolitan company made a proposition to the city that it would build the bridge and present it to the city free of any cost, provided that the city would keep the bridge in repair and be responsible for any accidents that might occur on it. This proposition was accepted.

The contract for building the new bridge was let to Farnsworth & Blodgett, civil engineers and bridge contractors of this city, and work was begun on July 22. Shore that time a force of seventy-live men has been constantly at work on it. The plan of the bridge was drawn in this city and sent to find a meeting of the faculty of the faculty, will return Saturday.
